Subject: Scholarship for Financial Support

Sir,

It is stated that I am student of 2nd semester computer system engineering department UET Peshawar, from backward area of Battagram. I belong to a poor family and my father is a labor and working with a local merchant having monthly salary is Rs.15,000. For admission, my father took loan from my uncle and sold a cow to pay my admission fee. Due to very less income, my father can only afford the family expenditure and cannot afford my university expenditure. Now I cannot pay this semester fee due to serious financial problem.

Therefore it is humbly requested to award me some scholarship that may I continue further education
I will be very thankful for this act of your kindness.

Best Regards

Ashfaq Ahmad
